Dana Junior High to Get $288,000 Addition

A telegram to Ralph Dailard, business manager of the San Diego city schools, from Congressman Edward Izac announces that an appropriation of $208,000 has been made by the federal government toward the building of an additional unit to the Dana Junior high school. The San Diego Board of Education will add $80,000 to this sum to make the new addition one of permanent reinforced concrete construction. The new unit will consist of about 25 additional classroom units including a modern cafeteria, home economics, shop, music and speech arts classrooms. This will complete the junior high school plant with the exception of an auditorium unit which will have to wait until the end of the war.

The new addition will soon be opened for bids and it is expected that construction will be started in from 60 to 90 days. According to Clarence R. Swenson, principal of Dana Junior high, the new unit will make possible the accommodation of the entire ninth grade next fall and the enrollment will jump from the present 800 students to about 1400. New facilities added will make Dana one of the finest junior high schools in California. Frank Hope jr. is the architect of the building and he is busy in collaboration with school authorities to include in the plans the latest ideas in modern school construction.

More than 2000 units of the huge Frontier housing project remain to be filled with war-worker families and the additional school facilities are being provided in anticipation of a big increase in enrollment. The local taxpayers are being assisted by Uncle Sam in providing for these facilities.

Arrange Play-off Tourney for Hoop Teams at Center

Schedule has been made for a play-off basketball tournament for the teams that have been playing at the Davis building center during the summer, Sterling Suhre, play director reports. The slate includes:

Nov. 2—La Jolla A vs. La Jolla B.

Nov. 9—La Jolla B vs. Yanks and La Jolla A vs. Pt. Loma A.

Nov. 16—La Jolla A vs. Yanks and La Jolla B vs. Stone's Stars.

Nov. 30—La Jolla A vs. Pt. Loma B and La Jolla B vs. Pt. Loma A.

Dec. 7—La Jolla B vs. Point Loma B and La Jolla A vs. Stone's Stars.

Stone's Stars dropped a game to the Naval Air Station basketeers Sept. 28, 45 to 35. Bill Hamlet of the losers was high scorer with 20 points.

In the ping pong play this week, Wes Hesson won first, Brogan second, Roger Reddin third and Suhre fourth.

CITY TO PAVE CUT-OFF ROUTE NEAR THE DANA JUNIOR HIGH SCHOOL

The new cut-off street near Richard Dana Junior high school, grading on which has been done by the city off and on during the summer, wil be paved this fall, according to announcement of City Manager Walter W. Cooper.

Elimination of two right angle turns is provided by the new cut-off. The improvement is of particular benefit to Ocean Beach auto drivers who use the Narragansett street-Harbor drive route in traveling to and from town.

Rev. William J. Lankow will deliver the sermon Sunday at 10:45 at the Kunz Memorial chapel answering the question: "Should your Bible mean more to you than anything else?" He has been vacationing this summer with his son, Pastor Martin Lankow. The Rev. Lankow sr., was ordained into the Lutheran ministry at Tacoma, Wash., in 1898. He has also served as pastor of St. John's Lutheran church Salt Lake City and at Trinity Lutheran in Santa Ana and San Bernardino, where he served over 25 years. He has served as vice-president and moderator of the Southern California district of the Lutheran church.

Civilian Defense - -

DISTRICT No. 7
Bayview 6101

The date is near now—Monday Oct. 9 is the waste paper curb pick-up date; get those bundles on the curb either Sunday evening or early Monday morning so that the truck won't pass you up. Waste paper is the nation's number one critical war material: so essential, the army is salvaging what little it can in various combat zones. Also as a help in the paper shortage, take back the paper bags and use them again for your purchases or have a shopping bag for that purpose. Paper bag shortage is becoming more acute.

Just a word about rationing. Last week word got around that coffee was going to be rationed and stores reported that there was an awful run on coffee; people buying up more than they could use. There are good reasons for rationing the various commodities that are on the list. Rationing is just another word for sharing.

Although we haven't been mentioning it, the need for blood donors is just as great as ever. Make an appointment to give your pint of blood at the center, Columbia and Beech streets and keep that appointment. Register at the Plaza booth—station wagons will be ready to take you to the center at certain hours, Monday through Friday.

Do you have any woolen cloth for hooked rugs? Also, odd shaped bottles and odds and ends of old candles are needed for craft work at the hospitals.

This past week we received six magazines (various kinds) from Mrs. Woker, sector E and from Mrs. Contreras, sector K, eight current magazines.

Bertha Leadbeater.

FUNERAL SERVICES FOR M. TOUPARD HELD OCT. 4; FOR T. H. BARR FRIDAY

Funeral services for Maurice Toupard, 51, a mailer for San Diego newspapers, were held Wednesday forenoon in the Benbough chapel. He died suddenly Sunday at his home, 4691 Adair ave. Toupard moved here from Tacoma, Wash. in June 1943.

Barr Funeral Friday

Thomas Henry Barr, 86, 4728 Cape May ave., was laid to rest in Greenwood mausoleum Friday following funeral services at the Bonham mortuary chapel. He died Sept. 27 after a brief illness. Barr, a retired carpenter and contractor, was born in Iowa and moved here 21 years ago. He leaves his widow, one son, Rolland, of Portland, Ore.; seven grandchildren and seven great-grandchildren.

N. B. WRIGHT OF OCEAN BEACH BEGINS WORK ON BUSINESS DIRECTORY

N. B. Wright of Ocean Beach began work last week on a business and professional directory especially for Ocean Beach, for the convenience and accommodation of residents here.

He announces that the directory will list the business and professional men of this area and will contain valuable information to residents of this community including ready reference for emergency calls such as doctors, police, fire, air raid wardens, coast guard and other services here. Publication is planned to start early next month.

MRS. ARTHUR MONTVILLE DIES TUESDAY, AGED 53

Mrs. Eugenie Gertrude Montville, 53, 4461 Bermuda ave., wife of Arthur E. Montville, U. S. N., passed away Tuesday at a San Diego hospital following a brief illness. She was a native of Massachusetts and had lived here 19 years. Besides the widower, she leaves a son, Wm. C. Campbell, U.S.N.; a grandson, Wm. C. Campbell jr. of this city, and a brother, Henry Bassette, New Bedford, Mass.

Funeral arrangements are to be decided soon as Mr. Montville arrives here today.

Iverson Dancing Girls, Feature of Kiwanis Meeting

An Ocean Beach home talent program put on by the Lucile Iverson dance studio girls featured the Tuesday evening meeting of the Kiwanis club. Nine numbers were staged, all of which scored a decided hit with the Kiwanians, the numbers given being as follows:

English Tiller dance by a quintet consisting of Janie Cushing, Colleen Murphy, Mary Helen Parkes and Jeanette Wallace and Mary Blake.

Tap dance by Judy Ann Hennesy, 7 years old.

Cowgirl roping dance, by Janie Cushing.

Rhumba tap, by Colleen Murphy.

Accordion duet by the Clarkettes, Gladys Donnan and Maridee Clark.

Tap dance by trio consisting of Jeanette Wallace, Mary Helen Parkes and Mary Blake.

Acrobatic dance number by Lucile Iverson.

Baton twirling dance by Colleen Murphy.

Patriotic dance finale, "Bugle Call Rag," by the same ensemble who gave the opening numbers.

Lloyd Greeson, as program chairman for the evening, also acted as master of ceremonies for the dance program. Preceding the entertainment he gave a heart-to-heart Kiwanis talk suggesting that a Kiwanis education program, particularly for the benefit of the newer members of the club should be put on.

Both President Glenn Jones and Vice President Jerry Sullivan being in Los Angeles attending the Kiwanis state convention, Treasurer Henry Holman officiated as chairman for the meeting. Visitors were Graham Rogers, a guest of Milt Lancaster, and Paul Hendrickson, a guest of Noel Swetland.

Secretary Burritt Mills announced that the local club had attained a 94.3 percent attendance record of September.

THREE SCOUT TROOPS TO PUT ON STUNTS AT COURT OF HONOR

Troops 13, 24 and 28 of the Boy Scouts of the Ocean Beach area are scheduled to put on stunts at the October "court of honor" to be held tonight (Friday) at the Ocean Beach elementary school auditorium, the meeting to start at 7:30, announces Irving D. Offer, the advancement chairman. He requests the troop chairmen and scoutmasters to "have committeemen and Scout parents attend and that they be seated with the Scout troop they represent.

The "court of honor" proper will consist of 14 numbers including opening ceremony and benediction, and will feature, besides the stunts, awards of first and second class advancements, awards of merit badge and life certificates, "Eagle" awards by the chaplain, Major Jennings, and North Shore banner award by Leroy Wright.

FIVE OCEAN BEACH MEN AT KIWANIS CONVENTION

Five Ocean Beach men left early this week for Los Angeles to attend the California-Nevada district convention of Kiwanis, Tuesday and Wednesday. They are Glen Jones, Jerry H. Sullivan, Dr. W. B. Oster, Rev. J. F. Roberts and Dr. Myron Insko. Jones and Oster were accompanied by their wives.

"LIGHTS ARE ON AGAIN," FULL, ON NEWPORT AVE.

The street lights "are on again," full, in Newport avenue business district main street, starting this week. Painted globes have been removed this week and the "all-clear" globes that were in vogue way back before Pearl Harbor are again installed, giving to Newport ave. its former "white way" appearance at night.

A car which police said was driven by Helen M. Steward, 39, of San Diego, went out of control at the W. Pt. Loma blvd.-Cable st. intersection Monday afternoon, sheared off a pedestrian sign, jumped the curb and struck a tree between the curb and sidewalks, the accident resulting in minor injuries to Irene Brian, 40, also of San Diego, who was riding with the driver.

IN THE SERVICE - -

Ralph Greer, husband of Luetta Greer, 4443 Saratoga ave., has recently been transferred to duty from the Russell islands to the New Hebrides.

Lamont Insko, son of Dr. and Mrs. Myron Insko, 4565 Brighton, telephoned Tuesday from San Francisco, that he was shipping out for overseas duty with the Coast Guard.

Humphrey H. Van Gessel, whose wife, Kathleen, lives at 4728 Narragansett ave., arrived home Wednesday on a five-day furlough, and has received orders to go to Norman, Okla. to attend an aviation machinists naval training school.

Don Belloff, son of Mr. and Mrs. Fred Belloff of 2111 Mendocino, arrived in Ocean Beach Tuesday on a 15-day leave. He has finished nine months training at Radio Material school on Treasure Island, Calif. and is being transferred to the Amphibious forces at Fort Bradford, Va.

T/Sgt. John E. Lewin graduated recently from the Fort Knox, Ky. radio school with the highest honors in a class of 5,000. Only three of the class received "superior" honors and John was the highest of the three. The Kentucky school trains for the Signal Corps of the Army. John has brought honor to his home town of Ocean Beach. His parents are Mr. and Mrs. Fred Lewin who operate the Royal Cleaners on Newport ave.

After 14 months of service overseas, Harrison P. Fail, 4811 Muir ave., is now attending a communications officers school at Quantico, Va. He arrived in the States April 7 and went east June 27 to Quantico. Fail saw action in the battle of Bougainville and in the Purata island fight. He came out of the combat zone in good shape except for an ear ailment and for a back injury. After two months in the Naval hospital here he was pronounced able to attend school.

Posthumous award of a Distinguished Service Cross has been received by the widow, Mrs. Viva C. Johnson, 4667 Del Monte ave., of Lt. Leonard A. Johnson, 30, Truk, May 5, 1944. He had made the honor being his for his low-level attack on a Jap convoy near 14 low-altitude bombing and strafing runs on the convoy of five heavily-armed cargo vessels more than 800 miles from his base. In spite of heavy anti-aircraft fire, he sank one of the ships and damaged the others, dispersing the convoy and destroying valuable enemy supplies and equipment, according to the citation. Johnson was in command of a patrol bomber.

Lt. (jg) Paul James Driscoll, USNR, 33, 4945 Cape May ave., Ocean Beach, will graduate Oct. 12 from the Naval Reserve Officers Indoctrination School at Tucson, Ariz., after completing a 60-day course of training designed to prepare him for active duty. He entered the Navy as an apprentice seaman in Sept. 1943, and later attended a school for physical instructors at Bainbridge, Md., prior to receiving a commission last Aug. 1. He formerly attended San Diego State college, receiving a bachelor of arts degree in Physical Education in 1934. His mother, Mrs. May C. Holdridge, resides at 2143 Bacon st., Ocean Beach, and his wife, Mrs. Sylvia Driscoll, lives at the Cape May address.

Staff Sgt. Jackie Conger, whose mother, Mrs. Peggy Williams, lives at 4704 Montalvo st. and whose grandparents, Mr. and Mrs. J. J. Horning, at 2269 Ebers st., is home on a 22-day well-earned furlough, having arrived in the States Sept. 20. At present he is taking 10 days of treatment in the Santa Monica hospital. Conger served six months in England with the Eighth Air Force as a right waist gunner on a Flying Fortress, and came home with a record of 65 missions, 25 of them heavy. Though the plane on which he served was named "Hard Luck," he considers himself lucky in having stopped with the 65th mission. On the 66th, the "Hard Luck" was shot down. Only three of his buddies escaped. Conger saw plenty of action bombing over France and Germany and considers himself fortunate. While a resident here he attended Point Loma high school.

Pt. Loma High Enrollment Now Up 200, to 1148

Enrollment at Pt. Loma high school has reached the grand total of 1148 students. This is an approximate increase of 200 students over last year's figures.

Commissioners of the A. S. B. have a decided challenge this year in acquainting 561 new students to Pt. Loma with the various activities and plans for the school year.

New students hail from many parts of California with 126 out-of-state students representing 37 states. The largest percentage of these boys and girls are from Texas, Arizona, Colorado, Missouri, Oklahoma, Arkansas, and Illinois. Other states represented include Alabama, Florida, Idaho, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Massachusetts, Maryland, Michigan, Minnesota, Mississippi, Montana, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oregon, Pennsylvania, Tennessee, Utah, Virginia, Washington, Wisconsin, and Wyoming. No foreign countries are represented in the enrollment but one girl is from Hawaii.

SGT. H. A. HARTVIGSEN HOME FROM 29 MONTHS IN ALEUTIAN ISLANDS

Sgt. H. A. Hartvigsen returned Saturday night for a 30 day furlough at the home of his parents. Mr. and Mrs. Heber Hartvigsen of 4385 Newport ave. Sgt. Hartvigsen has been stationed the past two years and five months in the Aleutians, the last two years in the far western Andreanoff group, where there is winter most every month in the year. He expects to return to his last post of duty at the end of October.

Hartvigsen left Seattle in May of 1942 and with an army engineer corps helped establish an air field near Dutch Harbor which at that time was being threatened by the Japanese. In September of the same year a before daylight landing was made on an Andreanoff island and an air base set up here which was instrumental in driving the Japs from Attu and Kiska. Coming home on furlough nine days was spent at sea and real rough weather experienced before they got out of the Aleutian area.

DEATH OF OCEAN BEACH BABY BELIEVED DUE TO HARNESS CHOKING IT

Marty Hubbs, 9-months-old baby son of Mr. and Mrs. Geo. K. Hubbs, 4851 Santa Cruz ave., suffocated in his crib at the home of Mrs. Rosalie Hall, 4151 Whittier st., around noon Wednesday. The little lad became entangled in the baby harness with which he was being kept in the crib and evidently choked to death when parts of the harness got around his neck. The evidence not being entirely conclusive that death was caused by strangulation, plan is to hold an inquest, Ocean Beach police were informed.

Both the local police and firemen crews were called at 12:15 p.m. to the home by a woman who had been left in care of the child. For 40 minutes the police applied artificial respiration with their resuscitator but without success. At 12:55 Dr. J. W. Wilhoit, police surgeon, on his examination of the baby, declared that death already had taken place.

COMMITTEE ON MISSION BAY IMPROVEMENT ASKED TO REPORT TO C. OF C.

The recently appointed Chamber of Commerce committee on the Mission Bay development projects will be asked to report at the October meeting of the organization, President Lloyd Greeson announced Thursday. John E. Loftus is the committee chairman.

Monday, October 9 at 8 o'clock, and the Log Cabin near the Pt. Loma Methodist church, is the place, for the meeting.

H. E. McCoy, Ocean Beach, returned by plane Sunday from West Yellowstone, Wyo., where he had conducted his tourist cabin business the past four months. He reports a good tourist season, with attendance in Yellowstone park about 40 percent more than last year. Incidentally, this was McCoy's 32nd consecutive summer spent at the West Yellowstone resort.

MR. AND MRS. GEO. MASON WEDDED FOR 51 YEARS; ELEVEN CHILDREN LIVING

Married for 51 years, is the record of Mr. and Mrs. Geo. Mason, 4602 Muir ave., who on Sept. 23 celebrated the marriage that was consummated near Buffalo, Dallas county, Mo. in 1893. He is 76, is hale and hearty and "keeps up the place and takes care of the wife, who is not so well," Mr. Mason said this week.

Both Mr. and Mrs. Mason were born and raised in Missouri. They moved to Oklahoma in 1900 and in 1924 came to Ocean Beach and have lived here since. Farming was his main occupation in life, reports Mr. Mason. She was Loumima Magdalene Christian before her marriage.

They have 11 living children, 40 grandchildren and five great-grandchildren.

All 12 children grew to maturity. The eldest, Robert K., died three years ago. The 11 living are: Mrs. Osra Inez Torsellas, Spring Valley; Mrs. Oral E. Bennett, in Illinois; Glacus J. Mason, Hemet; Mrs. Lillie Pickett, San Diego; Geo. M. Mason, Ocean Beach; Clarence E. Mason, Ocean Beach; Mrs. Velma A. Cole, Santa Barbara; Albert E. Mason and James H. Mason, both Ocean Beach; Mrs. Lodema Woods and Anderson T. Mason, both San Diego.

Fund for Center Here Authorized By City Ordinance

San Diego city council last week passed an ordinance creating the "Ocean Beach Memorial Recreation Center fund," and went into effect on Sept. 27. Text of the ordinance follows:

"That there be and there is hereby created in the office of the city treasurer of San Diego a special fund to be known as the Ocean Beach Memorial Recreation Center fund.

"That the city auditor and controller be and he is hereby authorized and directed to deposit in said fund the sum of $7,000, which sum has been received by the city from the Ocean Beach Memorial Recreation Center committee, together with such other funds as may be received by the city, for the construction of a new recreation center for Ocean Beach, said money to be used only and exclusively for the creation of structures and furnishings therefor and for the making of all necessary improvements in connection therewith or incidental to the establishment of a recreation center on a site now owned by the city at Ocean Beach."

An investment of $50,000 or more for the center is contemplated by the city, according to information received from city officials.

Impressions of Furlough Trip to Scotland Written

Of his impressions of Scotland, obtained on a furlough trip from Norwich, England, near which city he is with a U. S. army air force, T/Sgt. Francis G. Swan, writes his parents, Editor and Mrs. F. F. Swan last month in part as follows:

"I went up to Edinburgh first and it really is the finest city in Britain. Sightseeing there I saw all the ancient and broken down palaces and castles. I went through Hollyrood palace which was the hang-out of Mary, Queen of Scots, and all the other dignitaries of the House of Stuart. I believe the present queen has something to do with this palace. They show you the four-poster in which Mary, Queen of Scots slept and the spot where Lord Darnley killed her secretary, Rizzio. The palace is well preserved considering all the shady goings-on which have gone on there. Cromwell burned Mary's Catholic chapel but part of it still remains and most of the Stuarts are buried there. Also in Edinburgh is the Edinburgh castle which dates back to the 12th century and is also pretty well preserved. Here the Stuarts and other Scottish kings fought off the armies which occasionally besieged them. It has all the usual parapets for archers, and the moat has been drained and turned into a garden. Although Edinburgh has some industries they are much fewer than Glasgow and are mainly commercial and political. They have a fine zoo which I also visited.

"I spent a couple of days at a hotel in the Scottish Highlands near Loch Lomond. The hills really are beautiful and remind me of the Cascades in Oregon. They are lush with foliage, mostly heather and, of course, the continual rain gave it a strictly Oregonian touch. The hotel was a swell little place, the beds were super-soft and the food delicious. It was a swell place to rest in fact it was too dern quiet. There were a lot of broken down but wealthy refugees from the London buzz bombs at the hotel. There was too much of a wake atmosphere about the whole affair so I caught a bus for Glasgow, stopping off at Loch Lomond on the way.

"The Scotch certainly are an improvement on the English—they are more human, much friendlier, livelier, better looking and better dressed. They have a sharp sense of humor and look at life in a broader, more American way. The women are very good looking, mostly redheads and their clothes and coiffures are strictly modern. They are better fed and look it. You can really get swell meals in the restaurants in Scotland."

Leaders for War Chest Campaign Here Appointed

Leadership for the Ocean Beach participation in the San Diego county war chest campaign to start Monday next, Oct. 9, has been arranged. Mrs. Paul Hendrickson has been named chairman for the Ocean Beach business district part of the campaign and will handle the drive alone.

For the residential districts here, which have been designated as area 6, Mrs. C. W. Early, president of the Ocean Beach Woman's club, has been appointed chairman.

Captains under Mrs. Early are Mesdames E. A. Kraft jr., R. J. Long, L. A. Duer and Carl Zorn; and the list of volunteer workers under them includes Mesdames Robert Linstrom, A. M. Wright, Gordon Lilley, Chas. Leight, A. Munchiando, Victor Venberg, H. L. Larson, Grant Burrows and Leroy Moser. Mrs. Early emphasizes that these are not enough and wishes other women to volunteer and phone her at B-5425.

A general meeting of the leaders and other workers was held Tuesday at the Pt. Loma Woman's clubhouse, at which representatives from the headquarters office explained the campaign and issued instructions.

The campaign this year is for the financing of 72 agencies, including 22 war units; as well as the usual local humanitarian agencies. Eleven of the funds are for youth-building and welfare needs.

Study of Beach Land Purchase by State Authorized

Study of a proposed plan for state purchase of the privately owned beaches along the California coast, insofar as it affects local beaches, was authorized this week by the city council, the study to be made by Councilman G. C. Crary. He returned recently from Sacramento and reported the state's tentative plan to acquire all privately-owned beaches.

Reporting to the council, Crary said he believed that $100,000 could be saved to the city if it followed the plan of using its present public beaches for a contribution to the state of half the cost of acquiring the privately-owned beaches. The idea would be for the city to later lease the local beaches from the state and to develop them and to obtain whatever revenue that might accrue therefrom.

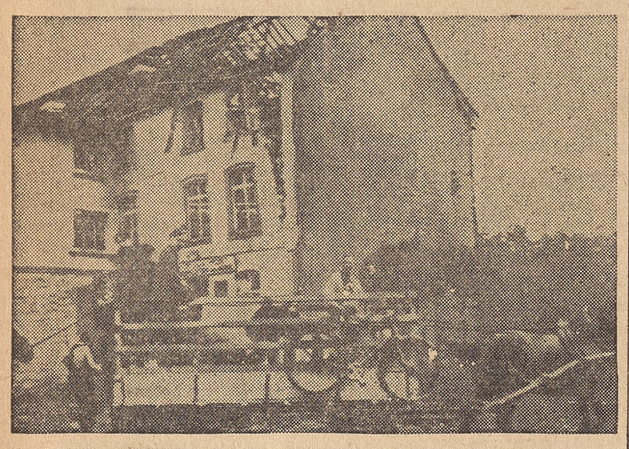

Commenting on the plan this week, President Carl Schroder of the Mission Bay Chamber of Commerce, expressed fear that the city's charter might not permit it to retain ownership of improvements that might be made on property leased from the state.

WEEKLY NEWS ANALYSIS

Western Front Aflame as Nazis Strive to Hold Allied Advance; Congress Shapes Postwar Aid

Released by Western Newspaper Union.

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

As war comes to their soil, German civilians pack belongings and move from battered villages in war zone to safety.

EUROPE:

Battles Rage

In some of the bloodiest fighting since D-Day, the whole western front from Holland down to Switzerland was aflame, with Allied forces slugging through stubborn enemy defenses and then holding their own against German counter-attacks.

Especially bitter fighting occurred on Lieut. Gen. George S. Patton's Third army front, where U. S. tanks spearheaded a drive on Germany's famed coal and industrial Saar basin, and the enemy lashed back with strong armored forces. As Patton's men edged forward, the enemy fell back on the rugged and wooded slopes of the Vosges mountains, where they were expected to make a stand before retiring to the Siegfried line to their rear.

Stiff German resistance and repeated armored counter-attacks also slowed progress of Lieut. Gen. Courtney Hodges' First army to the north of Patton's Third. In this sector, enemy strength concentrated about Trier and Stolberg in an effort to throttle Hodges' drives to the great Rhineland industrial cities of Cologne and Coblenz.

In Holland, an estimated 100,000 Germans fought against entrapment by Allied ground forces driving up the eastern border of the country toward the Zuider Zee, and paratroopers dropped in their rear.

Effect of the Allies' drive not only was to threaten the pocketing of these six divisions in western Holland, but also to put them into position to drive around the Siegfried line ending to the south of this sector and burst out into the Ruhr valley.

Clawing through the battered "Gothic line" under the cover of the rolling barrage of their massed artillery, Allied forces looked out onto the rich Po valley in northern Italy, as German armored formations sought to stem their rolling advance in this great agricultural and industrial region.

Russ Break-Through

Heaviest fighting on the eastern front centered in the north, where the Germans claimed more than 600,000 Russian troops were attacking to clear out the Baltic states of Estonia, Latvia and Lithuania.

Despite the Germans' hard defense of their lines, built up in the swampy lake country of Estonia and Latvia, the Reds punched out sizeable gains.

The old Polish capital of Warsaw was a fiery inferno as the Reds pumped shells into the German defenses of the city, and Red troops surging across the Vistula river came to grips with enemy units.

Armistice Terms

Calling on the nation to ". . . stick to reality and try to build up . . . existence with the opportunities that are left to us," Finnish Acting Prime Minister Ernst von Born disclosed Russian armistice terms to a heavy-hearted people.

Including restoration of the 1940 Russo - Finnish border; cession of Petsamo to the Reds; leasing of the Porkkala peninsula on the Gulf of Finland for a Russian naval base, and reparations payments of $300,000,000, the armistice terms were described as "the hardest . . . in our history" by Von Born.

Restoration of the 1940 border meant Finland's surrender of its most highly developed industrial region containing 10 per cent of its population, and cession of Petsamo meant the country's surrender of rich nickel mines.

GAS TEST

Five hundred officers and enlisted men have been commended by the chemical warfare service of the army services forces for voluntarily exposing themselves to lethal gases in order to test a new anti-gas protective ointment.

As a result of the tests, during which men entered gas-filled chambers and contaminated areas, medical officers and research scientists have conclusive evidence that the M5 protective ointment will be effective against gas warfare.

PACIFIC:

No Pause

Even as U. S. marines and doughboys cleaned up resistance in the Palau islands, 600 miles east of the Philippines, American airmen were on the go softening up other enemy strong-points.

Again the Philippines were the principal targets. Hopping off from New Guinea, army bombers blasted the southern port of Davao, shuttle point for enemy troops and supplies in the area, and carrier planes operating in the Third fleet hammered shipping, airfields and military installations around Manila bay, nerve center of the islands.

In striking the southern Palaus, whose conquest placed U. S. forces closer to the vital enemy water route from the Indies to Japan, American troops encountered fanatical resistance, more than 7,000 Nipponese soldiers out of a force of 10,500 fighting to the death on the main island of Peleliu.

FIGHTING SHIPS:

Allied Might

Recognized naval manual of the world, the 1943-'44 edition of "Jane's Fighting Ships" noted the increasing strength of Allied might on the high seas and the continued decline of Axis strength.

Indicative of the growing power of the U. S. navy, "Jane's" revealed that it numbered 4,167 ships last January, exclusive of thousands of landing craft, with high watermarks including the scheduled launching of two new 45,000-ton battleships this year, the development of a fleet of 100 aircraft carriers, and the construction of new 2,200-ton flotilla leaders.

Referring to Axis naval strength, "Jane's" reported that disablement of Germany's Tirpitz and Gneisenau removed its last big capital ships from service, and despite the launching of two new 45,000-ton battleships, Japanese shipbuilding facilities were running behind demands.

CONGRESS:

Charts Reconversion

With the fall elections rapidly approaching and congressional leaders pressed to assemble sufficient quorums, the house and senate made preparations for handling the post-war economic crisis and then moved toward a recess until November.

First bill to get an O.K. and be sent up to the White House for the President's signature was the one providing for a three-man administrative board to supervise the disposal of an estimated 100 billion dollars of surplus war goods, with no discrimination to be shown against little business and sale of all war plants over $5,000,000 subject to congressional approval.

As the first major step to enable the automobile industry to prepare for peacetime manufacture, the War Production Board authorized Chrysler, Ford and General Motors to permit technicians to plan correction of weaknesses in 1942 models; bring material specifications to date; map plant layout, and design minor changes in 1942 models. None of the companies are permitted to spend more than $25,000 monthly for labor or material in this work.

The second bill passed called for establishment of an office of reconversion, which would coordinate the work of all government agencies in the switch-back to peace time conditions, and also authorized the lending of funds to states if needed to meet unemployment compensation payments.

MISCELLANY

NELSON: Having concluded conferences in China looking toward the reorganization of the rickety Chinese industrial machine, Donald Nelson was scheduled to head for home to work out America's participation in the project.

BULLETS: Army ordnance experts have developed a new incendiary bullet capable of penetrating self-sealing gas tanks.

MacArthur Follows New Landings of Troops

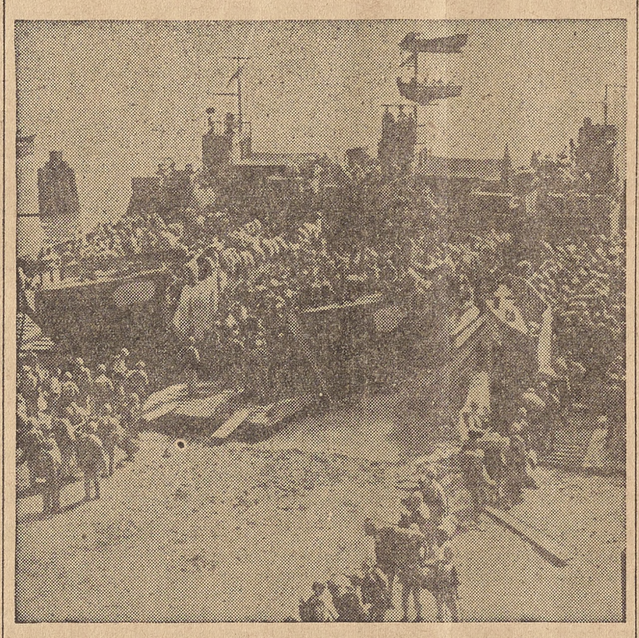

Gen. Douglas MacArthur inspects Yank positions (left), after successful invasion by U. S. troops on Morotai island, which is within 300 miles of the Philippines. Right—Leathernecks of the First marine division storm ashore with the tenth wave of American landing forces on the beach at Peleliu Island, Palau. MacArthur has promised that it will not be long before he and the marines will be landing on the Philippines.

Vice Presidential Candidates Address Legionnaires

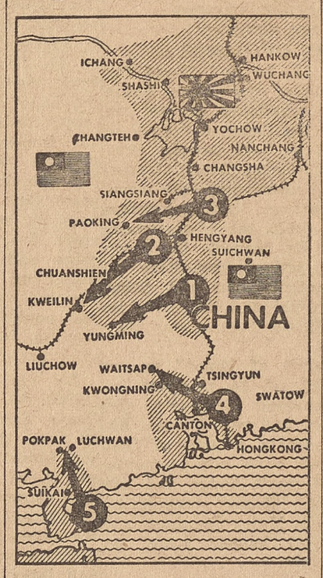

The Democratic vice presidential nominee, Sen. Harry S. Truman (left), and the Republican nominee, Gov. John W. Bricker (right), addressed the American Legionnaires assembled in Chicago at their annual convention. Both candidates were given a typical Legion welcome as were high ranking army and air officers who attended the convention along with aces of the present war.

Aboard for Palau Islands

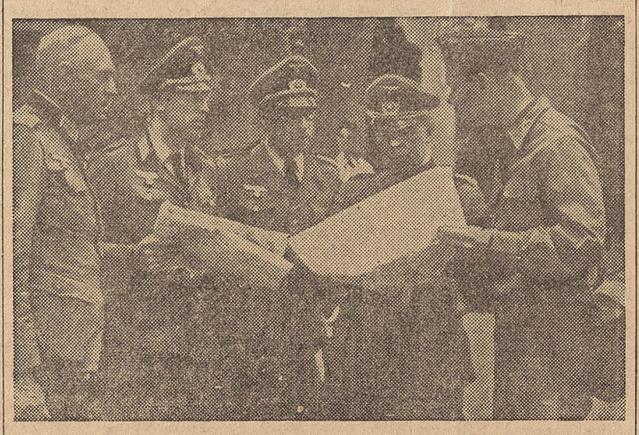

Leathernecks of the First marines, veterans of Guadalcanal and Cape Glouster, board Palau-bound assault vessels at a South Pacific base. They established a mile and one-half long beachhead immediately upon landing and set about to take over the principal airfield of the Palau group, from which attacks on the Philippines were carried out.

Jap Drive on China

As our forces retreated from the destroyed U. S. air base at Kweilin, the Japs moved upon the area in a twin drive and took Yungming (1), and beyond Chuanshien (2), to protect their flank (3) within 100 miles of their Waitsap column (4) fighting around Luchwan and Pokpak (5).

Nazis Surrender to Yanks

Nearly 20,000 Nazis surrendered at Romorantin, France, to Col. J. K. French, of Fairfax county, Va. Nazi Maj. Gen. Erich Elster surrendered his entire force to the Americans. It was later reported that many of his officers objected, believing that they could fight their way back to their homeland. Many stated that Germany would win the next war.

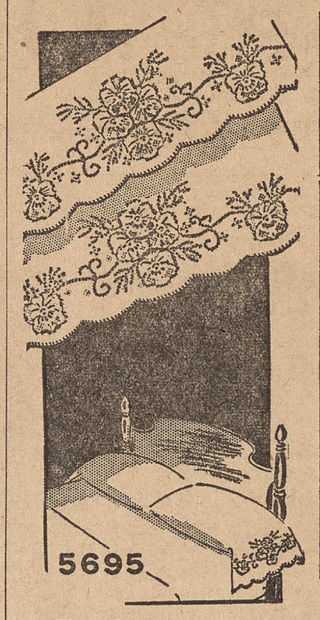

Legion Commander

Edward N. Scheiberling of Albany, N. Y. was elected American Legion commander at their Chicago convention, succeeding Warren Atherton of Stockton, Calif. Scheiberling was in World War I

SEWING CIRCLE NEEDLEWORK

Gift Item in Pansy Design

Worked in Cross Stitch

COLORFUL big pansies—three inches across—done in shades of purple, lavender, pale yellow and a touch of lipstick red make stunning designs on linen pillowcases, hand towels or on pale green, lavender or yellow tea cloths. Design is completely worked in cross stitch so that even an amateur embroiderer can't help but have them turn out beautifully. A grand gift item!

* * *

To obtain transfer designs for two pillowcases, color chart for working, amounts of materials specified for the Pansy Designs (Pattern No. 5695) send 16 cents in coin, your name, address and the pattern number.

Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers.

Send your order to:

SEWING CIRCLE NEEDLEWORK
149 New Montgomery St.
San Francisco, Calif.

HOUSEHOLD HINTS

Before trying to drive a nail into a plaster wall, dip the nail in hot water or melted wax and the plaster will not crumble or crack.

—•—

Before opening a can of paint, turn it upside down for a short time and it will mix better when opened.

—•—

Rooms subject to unusual dampness will dry rapidly if blocks of camphor ice are placed in the corners.

—•—

To eliminate unpleasant odors in the house, burn several sulphur matches. This will clear up the odors.

Flight to India

A cargo plane of the U. S. Air Transport command is flown successively by ten different crews of six men each on every scheduled 23,000-mile, 180-hour round-trip flight between Florida and Karachi, India.

SNAPPY FACTS ABOUT RUBBER

Rationing of tires and gas has its headaches, but government agencies estimate that it has been responsible for cutting in half the annual scrapping of used cars.

In 1941 the U. S. consumed some 766,000 long tons of *natural* rubber, an all-time peak, but in 1944 the country is expected to use only 164,000 long tons. Added to that, of course, is an enormous tonnage of synthetic rubber.

Talking of tire conservation, city driving, with "stop and go" conditions, causes seven times as much wear on tires as 25-mile-per-hour driving in rural sections. Also misalignment of wheels may cause 10 times normal tire wear.

Men and Women Factory Workers Wanted

Work close to home in East Oakland. No experience required. Steady essential work with post war opportunity. No reconversion layoff involved. Get lined up for a steady post war job NOW.
AUTO-LITE BATTERY CORPORATION 2125 - 98th Ave., Oakland, Calif.

Cheaper Production

Better pastures and more temporary grazing crops give cheaper milk, meat and eggs.

Thin Plants

Experienced gardeners know that a far greater total yield will be secured from properly thinned plants than from crowded ones.

Mental Illnesses

In 1929, Kolb of the U. S. public health service estimated that one child in every 20 in this country will at some time in his life be hospitalized for mental disease and another in the same 20 will at the same time be psychiatrically disabled but not hospitalized. He estimated that there are probably 6,000,000 feebleminded persons of all grades in the United States, 80 to 95 per cent at large in the population; 100,000 alcoholics and drug addicts, between 800,000 and a million mentally diseased and 400,000 epileptics. There are more hospital beds devoted to psychiatric cases than all other forms of disease. Ninety per cent of the cost is at public expense. The number of persons suffering from neuroses in civilian life cannot be even conservatively estimated because of the fact that most of these neuroses are concealed under other diagnoses. It is variously estimated that 75 to 80 per cent of the illness seen by the general practitioner is initiated or complicated by emotional factors.

Allied Units Make Foe Eat His Own Words

Untried battle units facing Germans for the first time should feel fortunate if the German penchant for calling names comes into play, for twice in derision and once in genuine tribute the Germans have tagged opposing forces with names that echo gloriously in military annals.

Early in 1914 Kaiser Wilhelm, flushed with early victories, called the first hundred thousand English troops thrown into action "Old Contemptibles." Those "Old Contemptibles" fought indomitably, and today throughout the British Empire the title commands the highest respect.

It was German Field Marshal Erwin Rommel who originated the term "Desert Rats" to describe the Australian Ninth division. Rommel was riding high in Africa; his then famous Korps seemed destined to sweep into Egypt. Sneeringly he referred to the untried Ninth, then dug in at Tobruk, as "Desert Rats." Today a "Desert Rat" deservedly has the reputation of being one of the world's toughest fighters.

The Germans, too, must receive credit for one of the proudest nicknames borne by U. S. marines—"Devil Dogs."

Dentists WANTED

More dentists are needed in critical war areas.

Experienced operators with California, Washington, or Oregon license, are assured of good opportunity with long-established practice.

Permanent connection with assured income, or working interest for right man.

A HEADACHE FOR CALIFORNIA FARMERS

THE FARMERS LIVING IN the Central valley of California experienced one bureaucratic headache that farmers of other states have, so far, escaped. They were provided with a five-page blank, and directed to fill it out and return it to Washington. In that questionnaire they were required to give a life history of themselves. It called for the details as to church, lodge, club and other organization memberships and the frequency of attendance at each; a list of their friends and acquaintances, with a history of each; was their house painted; did they grow flowers in the front yard and dozens of other queries. It did not stop with only the farmer. He was required to give the same personal information regarding each member of his family. No police report on an individual in Nazi Germany could be more all encompassing. Secretary Ickes is constructing an irrigation project in that Central valley. He wished to know the number of farms in the valley of 160 acres and less and the number of more than 160 acres. The farmer was asked every conceivable question other than the size of his farm. Unless congress changes the present law no farm of more than 160 acres can be supplied with water. For those of 160 acres, or less, it would be easier to carry the needed water than to fill out that questionnaire. The purpose of it all was not explained to the farmer. The time-consuming demands of theoretical bureaucrats are legion.

* * *

THOSE WHO SERVE AT HOME

4F—I am sorry for many of those I know who, through no desire or fault on their part, are in that classification. They will have a lifetime job of explaining. Among some of my acquaintances are also those who have a deferred draft status because they are of greater value to the war effort in a civilian capacity than they would be in the armed services. They are truly indispensable, but they will be explaining that fact as long as they live.

One of my young acquaintances attempted to enlist in the navy the day he was 17. He was turned down because of a slight defect in one ear, but it could not be corrected. On his 18th birthday he tried the marines, then the army, then the coast guard, but was told "no" by all three services for the same reason. As a last resort he got into the merchant marine. While it was not a fighting job, as he had wanted, it was better than not being in at all. In his case it was not only a matter of patriotism and a desire to serve, but it was also the anticipation of a lifetime of explaining.

There are hundreds of thousands who want to serve, who realize what not being in will mean throughout their lifetime, but are denied the privilege they crave. They are entitled to sympathy. Among those who are doing a more important job at home are the boys of the farms. They are among the truly indispensables.

* * *

HOW BUREAUCRATS CONFUSE EVERYONE

INSTRUCTIONS to those who must follow them, as issued by those who make the rules under which we live in these days of decrees, the theoretical bureaucrats at Washington, are distinguished for their involvement. Whether it be intentional or otherwise the result is confusion. The following from the OPA called for an interpretation by thousands who received it. Can you determine what this means:

"For the purposes of subparagraph (1) of this paragraph, if a farmer-producer has a maximum price for a given class of sales or deliveries or a given variety and kind of vegetable seed, but not for another class of sales or deliveries thereof, he shall determine his maximum price for such latter class of sales or deliveries by adding to or subtracting from his maximum price for the class of sales and deliveries for which he has an established maximum price hereunder the premium or discount, as the case may be, in dollars and cents normal to the trade during said base period, for the class of sales or deliveries to be priced in relation to said class of sales or deliveries for which he has an established maximum price hereunder; and the resultant figure shall be his maximum price for the class of sales and deliveries in question."

Fortunately for me, I am not a farmer, and did not have to interpret that rule. I am totally incapable of doing so, nor have I the life expectancy needed to attempt such a job. Had I have been a farmer I would prefer going to jail rather than attempt to figure the meaning of that one.

* * *

IN THE NOVEMBER ELECTION in California five Republican incumbent congressmen of that state will appear as candidates on both the Republican and Democratic tickets. It is a safe bet they will be elected, but will their seats in the house be on the Republican or Democratic side of the aisle?

* * *

OUR CHILDREN AND grandchildren may see brighter days than some we have experienced, but they will pay much of the bills for our dark ones.

Washington Digest

World Conferences Aid In Bettering Relations

Personal Contact Brings Parties Closer Together, Churchill Says; UNRRA Good Example of Friendly Cooperation.

By BAUKHAGE
News Analyst and Commentator.

WNU Service, Union Trust Building, Washington, D. C.

The world has entered a period of international gatherings, the number and scope of which have never even been approached before in history. On their success or failure depends the winning or the losing of the peace.

In the fields and the factories of the United States were produced the materials whose weight in the balance sealed the victory for the Allies. Now, will America be willing to contribute to the conferences which are struggling to deal with postwar problems that "town-meeting" spirit which has made our own "league" of states a success? Without this help no trail to peace can be blazed.

There was a moment in Quebec, last month, at the one gathering when press and radio stood face to face with Roosevelt and Churchill, when a human note entered the atmosphere that struck me forcefully. The prime minister was speaking about the speculation over the various persons who had been called into the Quebec conference and concerning whom there had been much speculation, not only Foreign Minister Eden, but also Secretary of the Treasury Morgenthau.

The prime minister developed a theme which the President has often used and which in both cases, I believe, represented the considered opinion of men who had learned by experience. And that theme is that many difficult problems become simplified when they are discussed face to face. Mr. Churchill remarked it was hard to underestimate the inefficacy of the printed word (as compared to personal contact) and he also said that already a number of friendships had developed from Anglo-American meetings which were a decided asset to both nations from the diplomatic standpoint.

Individuals can learn to get on together especially when the goal ahead of them is something above and beyond their own personal desires.

UNRRA's Staff Pledged to Fairness

I was discussing this very point recently with a member of the United Nations Rehabilitation and Relief administration. He believes firmly that the conferences of an international nature already called, have for the most part shown a great enough degree of success to justify the hope for considerable progress toward world understanding.

Some of the facts concerning UNRRA itself, not generally realized, are worth presenting here because they seem to support this optimism.

UNRRA has just completed its second session in Montreal and I must say there was an air about that meeting which gave one a feeling of the stability of the organization. In the first place its director general, former Governor Lehman of New York, is so thoroughly absorbed by his job and imbued with enthusiasm for it that his influence energizes the whole staff.

This is one of the intangible things about this international body which makes one have some faith in the ability of the peoples of different nationalities to get together to do things. Another thing, also more or less intangible but recognizeable as a force for unity, is the spirit of the UNRRA employees which is symbolized by the oath they all have to take. At this point let me point out that the employees of the organization must not be confused with the 44 members of the council, UNRRA's policy making body. The council members are all plenipotentiaries representing their respective countries, just as members of congress represent different districts.

But the employees, from the director general down, who are the employees of the 44 nations, take an international oath in which they swear they will serve all countries equally and will not allow national prejudice of any kind to enter into their decisions or their conduct. The result is an objective attitude which it is hard for a person making no such conscious effort to attain, even to comprehend. I recall something similar on the part of members of the Belgian relief commission in the last war. Their ability to remain in occupied Belgian territory depended on demonstrating to the complete satisfaction of the German military commanders that they were neutral and their conscious effort to act utterly disinterested, brought about a really neutral viewpoint.

Of course, this strictly non-partisan attitude is not, nor is it expected to be, adopted by the representatives of the member nations, and the controversy which arose at the recent session concerning UNRRA's activity in former enemy territory was due to the play of emotions which takes place when hate has been nurtured for a long time, as the Axis nurtured it. According to the UNRRA rules, no relief can be administered in former enemy country unless a majority of the council so votes and if the enemy country pays for such services and supplies as it receives.

It was natural that some of the nations which suffered as they did under the Nazi or Fascist heel, would be prejudiced.

UNRRA Ready to Move Into Balkans

So much for the solidity of UNRRA. It has only begun to function, of course, and its latest meeting was the first when attention could be given to matters other than fundamental policies. It is now in operation and the number of technicians attending was greatly increased.

Meanwhile, however, UNRRA men are ready in Cairo, the moment the military is able to give the word, to move into Greece and Yugoslavia and first, assist the army relief work and then, when the army is ready to turn these functions over, take charge.

Repatriation is a very important part of any European relief since millions of people have been evacuated or driven or have fled from their own homeland and are scattered about the world. UNRRA has taken over the work of the Middle East Refugee relief and has charge of the placement and maintenance of 50,000 Greeks and Yugoslavs in Palestine and Egypt.

It has a new camp located in Algeria where the climate represents less of a change than the desert from the homeland of the refugees. The poor people suffer enough in morale, they are either women, children or disabled men, not the ideal grouping for a cheerful society and life on a desert is not popular with many people even when they have congenial company.

UNRRA's accomplishments so far, the excellent press it has had and the enthusiasm with which it has been received—even the few unpleasant stories circulated about it—all indicate that it is a going concern even though it is only intended to be a temporary one.

We might go down the list of other conferences, past or pending, and report a good deal of progress on most of them: the Bretton Woods Monetary conference, the one on food and agriculture, both resulted in the creation of permanent organizations. A meeting of the ministers of education of the United Nations held last April in London, I am told, will undoubtedly contribute to the promotion of wider educational opportunities of education.

A general economic conference, recently called by Secretary Hull, and one on aviation are yet to be proved.

It is only when you get into realm of the military or the political that you begin to run into snags. It might be argued that the reason for this is that military and political goals are purely selfish.

* * *

Petroleum may be in continuous process of formation in the beds of gulfs and oceans, according to Professor Denis L. Fox of the Scripps Institution of Oceanography. He recently analyzed many samples of mud, some with an estimated age of 6,000 years, and found them well supplied with well-preserved pigmented organic materials. He also found some of the muds inhabited by bacteria which are able to directly synthesize petroleum.

BRIEFS . . . *by Baukhage*

A Tokyo radio program announced recently that "America is getting short of pilots" because "Americans are using many women pilots in the Pacific battles."

* * *

The census bureau pictures the average American father in the United States as 44 years old, married, living with his wife and with one or two children.

The Berlin radio has announced that the government will provide "generous" indemnification for all damage caused by enemy action and that "those who buy new furniture and household equipment will get paid immediately for whatever they cost." Previous German broadcasts have indicated that there is virtually no new furniture and household equipment in Germany.

GENERAL "IKE" IS ONE, ALSO

General Eisenhower is a golfer. This is revealed by Mrs. Eisenhower who says it is his favorite game. This explains the distance he is getting with his drives.

—*—

We understand the General, while not a trick golfer, has an ambition to do some fancy shooting. He wants to place a ball on Hitler's forehead and try blasting it with a No. 1 iron.

—*—

It's good to know that our top general is a golfer. We should have known it. He has the eyes of a golfer, revealing impatience to get going, a yen for socking, a sort of "I know - I - can - take - four - strokes-off-today" expression.

—*—

Ike looks like a fellow who would be especially tough around the greens. He doesn't strike us as one of those fussbudgets who take an hour to line up a putt and who demand the silence of the tomb. We are sure the General walks up to the ball, takes a squint at the pin, addresses the pellet and—bingo!—it's in the cup.

—*—

He looks like a man who is never afraid to tee up a brand new dollar ball for the drive across the water hole.

—*—

He is the type who knows that the grip, stance and swing are important and who gets them right before he goes after the loving cups.

—*—

Summing up, we would say of the General as a golfer:

A tough opponent anywhere. Has smooth flow of power and never presses. Coordination perfect. Uses overlapping grip and is seldom off fairway. Hits crisply with irons.

Is rarely in traps (despite many Axis attempts to get him into 'em); when he gets into one he is a wonder with his blast shots.

Rarely loses temper; never breaks a club or blames defeat on boy carrying the bag.

Takes strokes from nobody. Likes to concede the other fellow a couple.

Always puts down right score and adds correctly.

—*—

Is proud of Hole-in-one in Italy and France and is approaching Berlin with "the look of eagles in his eyes."

Is soul of confidence, as illustrated by fact he is already studying layout of Berlin country clubs, with special attention to type of grass on fairways and texture of sand in sandtraps.

Thinks Hitler is a hacker who cheats on his score, kicks ball around in rough, always improves his lie, lacks rhythm, accuses other fellow of upsetting him, steals soap from the locker room and purges golf club steward who reminds him that he still owes for last month's lunches and drinks.

—*—

Mrs. Eisenhower says Ike also loves fishing. He must be enjoying himself at present. So far he hasn't had to admit that any "big one got away" in Normandy or Brittany.

Conversion Joys

("Donald Nelson plans to permit manufacture of many non-essential goods."—News item).

Now I know the Hun is done
Now I know he is in bad:
Mr. Nelson tells me I
Soon can buy a heating pad!

Hitler's sunk beyond all doubt—
Daily he is going deeper:
Mr. Nelson told the wife
She can get a carpet sweeper!

Adolf's finish must be near
Doomed for certain is "that man":
Washington has cleared the way
For a brand new garbage can!

Nazis high and Nazis low,
How the tide of battle changes!
Here's the tipoff on the end:
We can now make kitchen ranges!

Egg beaters and bicycles
Frying pans, machines for sewing,
Couches, screens and floor-lamp plugs—
They show how the war is going!

Bathroom scales and basting spoons,
Hairpins, scales and things quite tinnish,
Icebox parts and mattresses . . .
Clearly point the Nazi's finish.

Thanks, Don Nelson, for the news—
You have cheered us greatly, baby;
Oh, to ask "Is that in stock?"
And to get at least a "Maybe"!

The oyster season is with us again. And at present rates you can get a half dozen on the half-shell almost anywhere if you can complete arrangements with a financing company.

—*—

It seems there is an oyster shortage. We asked few questions because we were afraid an oysterman would fix his eye on us and ask "Doncher realize the oyster has gone to war?" It seems it is due to man shortage. That makes us feel better about the whole thing.

Vegetable Storage

Before shopping, check to see what vegetables are already on hand and how much room there is for storing more perishable foods. Plan meals around fresh vegetables in seasonal abundance.

Vegetables need varying degrees of coolness, according to the kind. Wash and drain salad and cooking greens and pile loosely in a vegetable pan or waterproof bag. Leave cauliflower, brussels sprouts, broccoli and cabbage uncut and slightly moist. Let snap beans, lima beans, peas and corn stay in pod or husk until ready for cooking. Keep all these vegetables cold.

Cull Flocks to Obtain Maximum Egg Yields

Yellow, coarse, beefy hens will bring more as poultry meat than as egg producers. Cull out the early molters to save feed and reduce labor, and you will get as many eggs from fewer hens. Following the systematic check given below you have a good chance of keeping up the maximum production.

1. Systematic culling to eliminate poor producers.
2. Use self-feeders more generally.
3. Save feed by making hoppers waste-proof.
4. Use balanced rations for efficient production — supplement with skim milk or buttermilk and good quality alfalfa when available.
5. Improve ventilation and use sawdust or shavings for litter—thus cutting down the litter cleaning routine.
6. Provide adequate nests, with sawdust for the nest litter to save labor in cleaning eggs.
7. Market eggs frequently to maintain quality.
8. Improve sanitation to reduce losses from disease.
9. Obtain greater efficiency in brooding — remove cockerels early and move pullets to clean range in a well ventilated range house as soon as possible when the brooding is over.

100% NATURES HERBS
THE HERBS OF MERIT. Good for the whole family. Easy to take. Safe.
"ERB" BOTANIC
The Tonic Laxative. Nature's best. $1.00 Money Back Guarantee Since 1932 at your druggist or direct from us.

A Message to Voters from

JAMES B. ABBEY
Candidate for Congress

Here is my stand on the vital issues of the 1944 campaign:

1. Our No. 1 job is to win the war, with the least possible loss of life, prompt return of our fighting forces, and NO POLITICS.

2. I stand squarely on the Republican National platform, and am in full accord with the proposals of the 26 Republican governors.

3. I am strongly opposed to Presidential dictation to Congress.

4. I will positively not be a rubber-stamp Congressman to any President.

5. I will strive at all times to serve the interests of my district and its people.

6. I will work to end the evils of bureaucracy, and restore government to the people.

7. I will vote to end Uncle Sam's role of playing Santa Claus with American dollars, trying to buy the good-will of the world.

8. I favor America's constructive cooperation with all peace-loving nations, but oppose foreign alliances under which we would surrender our sovereignty.

9. I will give full support to organized Labor composed of the genuine rank and file workers, but I believe that Labor should be kept out of politics.

10. I favor a strong, impregnable national defense, sufficient to safeguard our nation against any and all potential enemies.

11. I favor full recognition of war veterans for their valuable services; generous aid and hospitalization for the disabled, and adequate assistance to them in regaining their places in civilian life, with provision for homesteading Federal lands.

12. I favor the earliest possible return to private ownership and to the tax rolls of the thousands of acres of land in San Diego County leased or purchased by the Federal government during the war; excepting such lands as are needed for our expanded national defense and other necessary public uses.

JAMES B. ABBEY.

WHAT'S BUZZIN'!

By CHERIE.

Headlights . . .

Pretty **Leontine Knabe** and little daughter **Linda** (who is running a close second to her mother) from Los Angeles, visited with Leontine's mother, Pauline **Nolan** (Schneider's Drug) . . . **Kraft Bldg.** and **Elm's** are blooming out like a June bride—more of **Lloyd Greeson's** excellent work . . . Watch for **Market Basket's** new attire soon . . . **Sportswear by Marc** has outgrown it's toddling clothes and has enlarged some 240 ft. . . . **Kay Curran** s'prised hubby **Russ** on his 27th birthday. That was a super party, Kay! . . . The stag poker at **Ralph Way's** was alright too (At least, so they tell me!) **Nedra** and **Harry Polan** (**Nedra's Card & Gift Shoppe**) are now residents of Ocean Beach, much to their dee-light . . . **Chuck Carter's** back with that contented gleam in his eye that only comes from "seeing home folks!" . . . We're drooling with envy over the fact that **Sanna and Harry Williams** and little **Sharry** will take off for New Orleans and parts South Oct. 10. Say "Hello" to the folks for us, kids! . . . **Jim Morris** (Bank) will blossom out with a new band any day now . . . If you're blanket hunting, don't miss seeing **Noel Swetland's** (Posyland) Karacul blankets before you decide . . . **Mrs. Al Keogh** (Strand Theatre) underwent an emergency operation Tuesday. Speedy recovery to you, Mrs. Al!! . . . **George McKeon** (insurance) recuperating from fall, has written seven new numbers, among them is "Dewey for President" . . . **Leonard Linn** spent his 31st birthday in a much too quiet manner! . . . **Sandy and Lillian Engel** may have to Palm Springs it for a time due to little **Stephan Marc's** health . . . Ask **Marc** what **Cap. Mills** brought him when he complained of not feeling well last week! . . . **Bob Mason** had a birthday last week, too . . . And if I'm not mistaken (and I could be) seems to me **Jeanne Swan** mentioned that **Frank (O. B. News)** had grown another year younger! . . . **Harry Paisin** drove to Los Angeles to pick up wife **Alice** and son **Barry**. They just came back from Chicago, where they have been visiting little Barry's grandparents . . If it's something new in Dine and Dance spots you're after, try the new **La Rue Club** across the street from the Troc on The Strip in **Hollywood** . . . **Gene Southwell** was initiated into the DeMolays, Masonic Order for youths, last Thursday evening at the Masonic Lodge . . . Raven haired **Violet** and blonde **Evelyn** are really dishing out service with a capital "S" at **Cache of Sweets** in daytime hours. AND for their FIRST Anniversary, Oct. 1st, **Al** and **Flora** served a chicken dinner that was yum-yum and a lovely angel food cake! May the coming year be packed full of good tidings, folks! . . .

Welcome to our fair city! . . .

Mr. and Mrs. Frank Taliaferro, (her name is Francis) are newcomers here at the Beach. They came from St. Louis, and have resided on Narragansett ave. for six months. Francis has made a name for herself in her chosen hobby, golf, and being an enthusiast went out for Women's sweepstakes at Presidio Thursday, Sept. 21. She scored 63-11-52 for the 18 hole net division. and the 36 hole play brought 125-22-103, making her a double winner. She was a double winner again on Thursday, Sept. 28, topping the 36th hole division with 128-22-106. That's mighty fine going, Mrs. Taliaferro, and we're proud to claim you as one of our residents!

Screen gossip . . .

Did you know that **June Havoc** and **Gypsy Rose Lee** were sisters? **Gary Cooper** and **Ingrid Bergman** will play **Saratoga Trunk . . . Faye Emerson,** whose mother and little son reside here at the Beach, has been given a nice bit of publicity in August issue of Silver Screen magazine. Did you see her in **Mask of Dimitrios** recently played at the Strand? Which do YOU think could do **Salome** in Lloyd Douglas' **The Robe** to best advantage, **Hedy LaMarr** or **Ingrid Bergman?**

Book Review . . .

If you feel the need of being "wacky" and unrestrained try reading **"High Time"** by Mary Lasswell. You no doubt became acquainted with the trio of hearty old ladies from **"Suds in Your Eye,"** and in **"High Time"** they have a hilarious and beery time, so to speak, with the war effort. You can really let your hair down in this one, and don't let anyone tell you it isn't good for what ails you now and then!

And now time out, while I sneeze, cough and blow a bit! Call 'em in, folks. I can use 'em! B-5605 or B-7232.

Vote REPUBLICAN

RESTORE GOVERNMENT TO THE PEOPLE

This is a time for serious thinking . . .

- Do you want to "clear everything through Hillman?"
- Do you want another four years of New Deal bungling, confusion and needless regimentation?
- Do you want government by bureaucrats and bosses, or government by constitutional processes?
- Do you favor an international WPA, with Uncle Sam footing the bill?

Let's get a NEW TEAM and get ACROSS the stream!

Does Uncle Sam still need WACS?

You bet he does! To keep on backing up "G. I. Joe" until this war is fully won in *every* theatre of operations. Then, to help in the big Army job of rehabilitation of liberated countries. And, in the meantime, to take care of increased casualties through the Army Medical Department. WACS are now serving in England, Italy, Normandy, India, Australia, Hawaii, Alaska and Labrador, as well as in this country. As a WAC you will live a rich, exciting, satisfying life . . . an experience you will treasure always. Inquire at your local Army Recruiting Station.

MR. AND MRS. GREESON AND USO HOSTESSES ATTEND USO INSTITUTE SEPT. 29

Lloyd Greeson, chairman of the Ocean Beach USO, accompanied by Mrs. Greeson and a quota of hostesses attended the San Diego USO Citizens committee institute held at the University USO club Sept. 29. Geo. A. Scott, chairman of the San Diego USO council, presided at the morning session. Addresses were by Royal Thomas, Robert Wayne Burns, Mrs. R. T. Knudsen, California state vice-president USO, and Alexander E. McIntosh, of the USO national headquarters, New York City. In the afternoon Robert Wayne Burns presided. Brief addresses were made by the Citizens committee representatives followed by a round-table discussion at which many helpful and instructive subjects were brought up and discussed, all members present taking part.

STATEMENT OF THE OWNERSHIP, Management, Circulation, etc., required by the Acts of Congress of August 24, 1912, and March 3, 1933

Of Ocean Beach News, published weekly at Ocean Beach, San Diego, Zone 7, California, for October 1, 1944.

State of California)
County of San Diego) ss.

Before me, a notary public in and for the State and county aforesaid, personally appeared Frank F. Swan, who, having been duly sworn according to law, deposes and says that he is the owner of The Ocean Beach News, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the name and address of the publisher, editor, managing editor, and business manager is Frank F. Swan, Ocean Beach, San Diego, California.

2. That the owner is: Frank F. Swan, Ocean Beach, San Diego, California.

3. That the known bondholders, mortgagees, and other security holders, owning or holding 1 percent or more of total amount of bonds mortgages, or other securities are: H. H. Hartvigsen, 4385 Newport ave., San Diego, Calif.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bonafide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

FRANK F. SWAN

Sworn to and subscribed before me this 19th day of Sept. 1944.

Matching Cornice And Radiator Shelf

THIS winter as last we should remember that the purpose of a radiator is to radiate heat and that we are not getting the maximum from fuel if we box the radiator in with a tight cover. The shelf shown here is built well above the radiator and curving up under the shelf is a metal heat reflector which also covers the wall back of the radiator. The front and end of the shelf are

trimmed with cut-out wooden scallops repeating the curves of those used for the cornice shelf above the curtains.

There is a trick about the cornice too. It fits over the top of the window frame but is considerably wider to allow the over-draperies to hang straight at the sides of the radiator which is the width of the window. The sketch at the left shows how nails hold the box-like cornice in place and how the draperies are held inside with cup hooks.

* * *

NOTE—The attractive chair beside the radiator shelf is made with pattern No. 265. Scallop pattern No. 207 illustrates the steps in making cornices and also gives actual size pattern for scallops for cornice and edging of the shelf. Patterns are 15 cents each. Address:

Upside-Down Lizard

The gecko, a three-inch lizard with an adhesive disk on each of its 20 toes, is the largest animal that can walk up and down walls and across ceilings. Inhabiting warm countries, these lizards are often kept as household pets because they are harmless, and useful in destroying insects.

NIGHT COUGHS due to colds

are eased, sticky phlegm loosened up, irritated upper breathing passages are soothed and relieved, by rubbing Vicks VapoRub on throat, chest and back at bedtime. Blessed relief as VapoRub PENETRATES to upper bronchial tubes with its special medicinal vapors, STIMULATES chest and back surfaces like a warming poultice.

Often by morning most of the misery of the cold is gone! Remember—ONLY VAPORUB Gives You this special double action. It's time-tested, home-proved... the best-known home remedy for relieving miseries of children's colds. VICKS VAPORUB

DON'T GET ROUGH with CONSTIPATION

Go easy on yourself! Gently, mildly, move "intestinal left-overs" out of the way with a cup or two of Garfield Tea, the popular all-herb "internal cleanser." Garfield Tea is not a "cure-all," but if you want *gentle* relief from temporary constipation *without* drastic drugs, try a cup of this fragrant, 10-herb tea, as directed on package. You'll *feel* better, *look* better, *work* better! *At all drug and health food stores, 10c-25c-50c.*

FREE! SAMPLE TRIAL PACKAGE!

Write for generous sample, enough for 4 cups, to: Garfield Tea Co., 41st at 3rd, Brooklyn 32, N. Y. Dept. D-45.

Great Year-Round Tonic

Soup Makes the Main Dish of This Meal
(See Recipes Below)

Soup Suppers

When cooler weather arrives, there's nothing better than a hot bowlful of soup to satisfy the appetite. If the soup is hearty enough, it can even make the main dish for the meal.

Chowders, bean soups, pea soups flavored with a ham hock or ham bone, cream soups rich and satisfying—all these can provide appetite satisfaction for hearty appetites. Make enough of the soup while you're about it to last for several meals. That will solve quickie lunch problems or provide the hot food for many a school lunch box.

If soup is the mainstay of the meal, build a salad and a substantial dessert around it. All are easy fixing, and won't take too much time on a busy wash day or a time when you need to do something equally important.

An old-fashioned beef and vegetable chowder, fortified additionally by the perfect food, milk, is excellent eating:

***Beef-Vegetable Chowder**

½ pound round steak
2 tablespoons shortening
2 teaspoons salt
¼ teaspoon pepper
3 cups boiling water
2 tablespoons chopped onion
1 cup cubed potatoes
1 cup cubed carrots
2 tablespoons flour
1 quart milk
1 cup cooked or canned peas

Cut the meat in ½ inch cubes and fry in shortening until brown, stirring frequently. Add 1 teaspoon salt and the pepper, water and onion. Cover and cook slowly for one hour. Add potatoes, remaining salt, and carrots and cook 20 minutes longer. Mix flour with 2 tablespoons milk to a paste. Add remaining milk and pour into the meat and vegetable mixture. Cook, stirring constantly until thickened. Add peas. Serve very hot.

If you can't get along without the taste of potatoes for a meal, you'll enjoy this recipe:

Potato Chowder
(Serves 6)

3 large potatoes, pared and diced
1 cup onions, sliced thin
2¾ cups water
2 teaspoons salt
¼ teaspoon pepper

Lynn Says:

Soup Fixings: Save all celery leaves, bits of parsley and spinach leaves and use them when making soup to give good, all-vegetable flavor.

Brown meat first when making soup so that it will have good, brown color. Be sure that it is well seasoned before serving.

When meat is cut up into small pieces, soup-making time can be cut down considerably.

Use leftover meat bones from roast and chicken as a base for making soup.

When the butcher trims off bones and pieces of meat from the roast, make sure he gives them to you. They can be used for soup.

Toasted rye bread, rusk and rolls are good accompaniments for soup.

Salad suggestions for soup main dishes: fresh fruit salad, cheese sprinkled toast, shredded carrots with chopped greens with chopped hard-cooked eggs and bacon dressing, molded grapefruit and carrot salad, sliced tomatoes on crisp lettuce or other greens and fruity cole slaw.

Lynn Chambers' Point-Saving Menu

*Beef-Vegetable Chowder
Toasted Rye Bread Butter
Jellied Grapefruit Salad
Custard with Chocolate Sauce
Beverage
*Recipe Given

1¼ cups evaporated milk
3 slices bacon, cut in ½ inch pieces
2 teaspoons chopped parsley
Dash of paprika

Cook potatoes and onions in water until tender. Do not drain. Mash thoroughly or put through a sieve. Stir in milk slowly, add cut bacon pieces, and heat thoroughly. Add chopped parsley and paprika.

If you're doubling as chief cook and war worker, then cut down soup-making time by using quick frozen vegetables. Try this chowder:

Corn and Tomato Chowder
(Serves 6)

2 tablespoons chopped onion
1 tablespoon chopped green pepper
¼ cup celery
2 tablespoons fat
2 cups canned or stewed tomatoes
1 box quick frozen golden sweet corn
¼ teaspoon soda
1¾ teaspoons salt
⅛ teaspoon pepper
1 teaspoon sugar
3 cups milk, scalded

Saute onion, green pepper and celery in fat until golden brown. Add tomatoes, frozen corn and cook 5 minutes. Then add soda, salt, pepper and sugar. Add hot milk and serve at once.

Hearty Bean Soup
(Serves 6 to 8)

½ cup dried navy beans
3 cups cold water
2 tablespoons shortening
1 clove garlic
3 tablespoons chopped onion
1 tablespoon chopped parsley
1 cup chopped celery
½ cup shredded cabbage
2½ teaspoons salt
⅛ teaspoon pepper
1 cup canned tomatoes
¾ cup cooked noodles

Wash and soak the beans in water overnight. In the morning, bring the beans to a boil in the same water and then simmer until tender, adding a little more hot water, if necessary. Melt shortening in a skillet and saute finely minced garlic, onion, parsley, celery and cabbage until lightly browned. Add to beans with salt, pepper and canned tomatoes. Simmer 30 minutes longer. Add cooked noodles and serve.

Dried split peas with the flavor of salt pork, ham hock or ham bone puts together one of the favorite soups of all times:

Split Pea Soup

2 cups dried split peas
3 stalks celery
3 quarts water
½ cup flour
4 tablespoons butter
1 teaspoon sugar
2 teaspoons salt
½ teaspoon pepper
¼ pound salt pork, or ham hock or ham bone

In the evening, place peas to soak in cold water. In the morning, bring them to a boil with the same water, celery, salt pork or ham hock and cook until tender. Remove celery and pork, and put peas through a sieve. Add seasonings to soup. Melt butter and blend in flour. Add 3 cups of strained soup, stirring constantly. When this is smooth, add rest of soup.

Back-to-Campus Clothes Meet Versatile Collegiate Needs

By CHERIE NICHOLAS

THERE are many "must haves" that are needed in every college girl's wardrobe. The grand thing about modern clothes is that they are designed ever so purposefully, to meet the occasion be it this or that. There's this matter of rainstorms and damp foggy days, for instance. Regardless of that optimistic refrain "it ain't goin' to rain no more," it always has and it always will. Which brings us up to the subject of modern raincoats that excel anything that has gone before in way of glamorous eye-appeal.

Being that showers and thunder storms are inevitable in campus life, one of the practical needs in a back-to-school wardrobe is undoubtedly a sturdy wearable raincoat. The raincoat in these modern times has to be more than just a protection against the elements; it has to have "looks." Your attention is called to the stunning raincoat shown to the right in the illustration. It's everything that a modern co-ed wants in way of the color you like best, for this model comes in bright red, green or blue or in neutral tones. This coat is beautifully fitted with special regard to comfort and ease in wearing but the pride of prides in this model is its lining or simulated leopard fabric. This lining gives the warmth for cool fall days. What's more, the coat is good-looking enough to wear to sorority teas.

Another essential that should be of first consideration in a well-advised clothes program is a standby dress. No matter how many dress-up gowns one can afford to buy, you'll get most satisfaction out of the gown that serves you well day in and day out. It has to be a gay little flatterer too, as is the saucy sweater dress with tasseled cap to match, shown to the left. In this instance, the sweater is brown with blue stripes. The suspender dress is of matching brown. Both garments are of a new rayon jersey that has a wool-like finish. It is an all-the-year-round dress that will prove a perfect joy in the wearing.

Then there are those gay little moments when having a sorority party in a college girl's room means that the youthful hostess has in mind just what she will wear to look modern and definitely style-wise. In fact part of the fun of the party will be wearing a striking two-some that makes fine cerise velveteen its fabric theme for the slacks worn with a pailletted white jersey blouse for glitter, as shown centered in the illustration. Note the rose at the waist of the slacks which this charming collegiate is wearing.

Other items of dress that should be on their way to college this fall is a silver-slim black gown given a youthful look with a pert little peplum. It's nice to take along a little pink wool bolero to wear at times with this black frock, both for flattery and "just for a change." You might also jot down on your shopping list a jersey scarf hood, the ends of which you will wind about your head so that it conceals every wisp of hair. This is considered quite a smart gesture. A stunning glitter-glitter belt is another necessary luxury. These bejewelled belts will dramatize even the simplest frock. You'll be wanting also a stunning blazer, likewise a dapper brief tweed box coat.

Released by Western Newspaper Union.

Peplum Influence

Here is a charmingly simple little frock that interprets the new silhouette that calls for a sprightly little peplum to break the lines of a slim skirt. In this instance, the peplum effect is achieved with a series of little ruffles. The material for this dress is a handsome green wool. Flowers fashioned of the self-fabric are added for decor.

Newest Colors for Fall

Colors now featuring in the fall fashions cite American beauty and Parma blue (a purplish clear blue) as outstanding. The costume ensemble done all in gray from head to foot with just a color dash in a bit of jewelry or a stunning belt is "the latest."

A Sweater for Every Occasion Is Hobby

All signs point to a tremendous sweater season. In the new display there's a sweater for every occasion. In fact, to acquire a sweater collection is becoming a hobby with college and career girls, likewise their school girl sisters. To get a right start the first best move to make is to buy a trio of sweaters, a cardigan, a pullover and a sleeveless type. This gives three separates to team with various skirts. You can get these soft all-wool beauties in a glorious array of colors or nubby-looking knits, also smart cable-knit sleeveless sweaters in good long length. A famous sleeveless strictly all wool is in torso length in a diagonal rib stitch. It is very smart in navy or black with a bright colored blouse. To wear with your jumper dresses a dainty white all-wool long-sleeved pullover sweater blouse is just the thing. Stunning too is the plaid knit jacket in bright colors. Your sweater collection will not be complete unless it includes a sleeveless sweater. It may be enhanced with embroidery, glittering buttons and a very youthful type has the shoulder seams laced with ribbon.

Clever Jewelry Gadgets Are Useful and Pretty

One of the ideas in real jewels is achieved by reproducing miniature jeeps, mobile guns and trucks, and such, made of gold studded with jewels, but sparingly. These have a tiny spring that releases the gunner or the driver from his hidden post. The whole idea is ingenious and makes a very smart decoration. Looks ever so clever on a classic beret, too! Back-combs and side-combs have been talked of in real shell decorated in gold, and it's no chatter. They're on the way. Jewels should be functional. A watch may be hidden in a jeweled flower. Clips make brooches and vice versa. Necklaces may be trained to hold up the low front of an evening gown.

Kanab, Utah, Permanent Motion-Picture Location

Kanab, Utah, is the only American town that has made itself into a permanent motion-picture location. Not only does it have fine living accommodations, a vast assortment of props and all its people available to serve as extras or helpers, but it maintains a casting directory which lists the citizens with special talents, their animals and odd pieces of property.

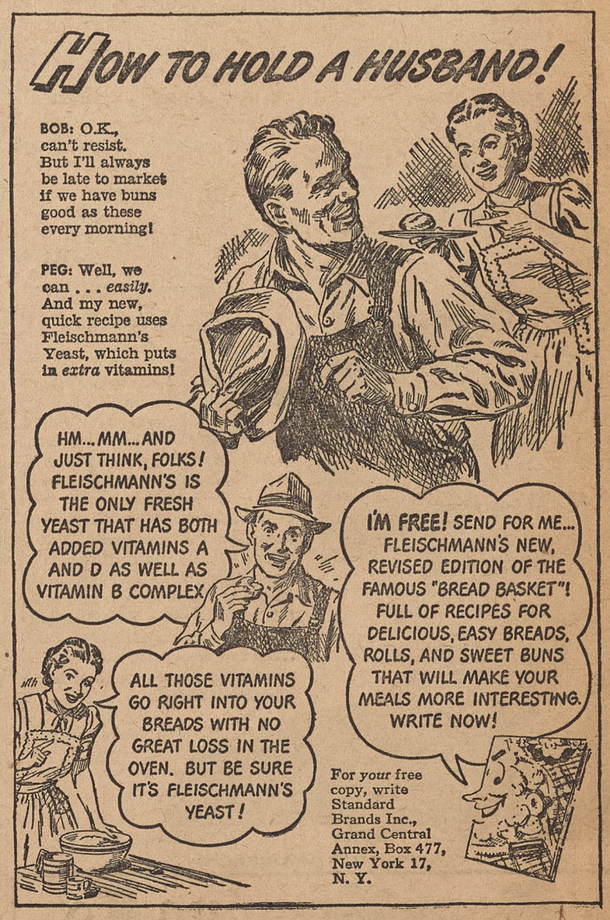

Consequently, the town has been used for the outdoor scenes of 42 pictures since 1922.

Kidneys Must Work Well-

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of *why* the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at nights, swelling.

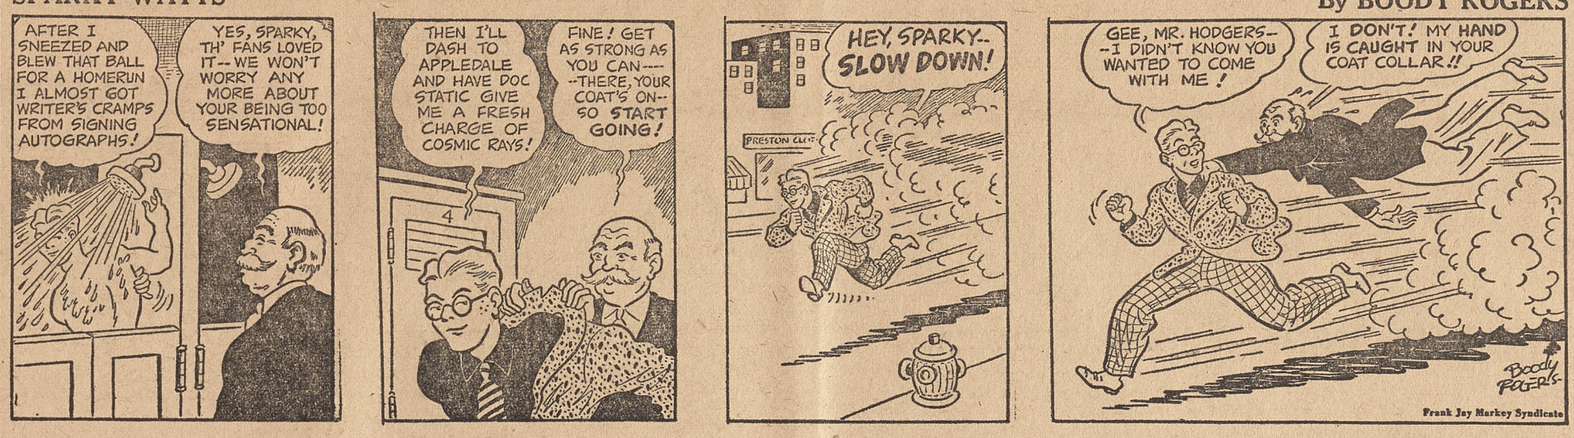

Why not try *Doan's Pills*? You will be using a medicine recommended the country over. *Doan's* stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get *Doan's* today. Use with confidence. At all drug stores.

ASK ME ANOTHER? A General Quiz

1. What is the average temperature of the sea?
2. Who was the first woman governor of a state in the United States?
3. What is the highest mountain in the British Isles?
4. Which was the largest American city when the constitution was adopted?
5. What was the first article to be rationed after Pearl Harbor?
6. Off what cape is the phantom ship the Flying Dutchman said to be seen in stormy weather?
7. How many of the Great Lakes bound the state of Michigan?
8. In what country can you judge a woman's wealth by the number of her petticoats?
9. What is the usual origin of lakes in high latitudes?
10. Could a state establish a state religion without violating the U. S. Constitution?

The Answers

1. Below 39 degrees fahrenheit.
2. Mrs. Miriam A. Ferguson (Texas, 1925).
3. Ben Nevis (4,406 feet).
4. New York (population in 1790, 49,401; then Philadelphia, 28,522).
5. Tires.
6. The Cape of Good Hope.
7. Four.
8. Holland.
9. Glaciers.
10. Yes. The first amendment to the constitution, and the next nine, all of which constitute the Bill of Rights, are binding upon the federal government, but not upon the states. However, all states now have clauses providing for religious freedom.

Club Women to Hear Talk on Social Problem

Mrs. Frank Steman, chairman of "narcotics" for the San Diego Federation of Women's club, will be the guest speaker at the October meeting of the Ocean Beach Woman's club, to be held Thursday, Oct. 12, at the new clubhouse, 2160 Bacon st. Mrs. Steman will deal with the social problems brought about by the war particularly in war congested areas such as San Diego and will outline what the women's clubs are doing to help the Harbor View hospital project.

A harvest luncheon is set for 12:30 noon, for which the committee consists of Mesdames D. R. Wallace, Wm. Neujahr, Glenn Jones, Alfred Bedworth, Arthur A. Henry and B. H. Nielsen. Mrs. Nielsen will be in charge of decorations, to be autumn leaves, fruits and vegetables. Reservations, to be made with any member of the committee, must be in by Tuesday, Oct. 10, and are final, announces Mrs. C. W. Early, club president. She invites all members and their friends to this meeting.

RED CROSS SEWING ROOM NEEDS ONE MACHINE AS WELL AS MORE WORKERS

Another sewing machine is needed by the Red Cross sewing room at the Ocean Beach Woman's clubhouse, 2160 Bacon st., Mrs. Fried, the club's chairman for that department, reports. Her additional announcement follows:

"We are making pajamas which require much machine work. The women meet each Tuesday from 10 to 3 in the club room, for the work and while the attendance has been good thus far more women are invited to work for the Red Cross. Club membership is not necessary in order to be one of these workers.

"Also there is still yarn on hand which will be given out to all women who are willing to knit."

MRS. PAUL FARRAR TO GIVE BOOK REVIEW AT LITERATURE MEETING

Mrs. Paul Farrar is scheduled to review the book, "Between Tears and Laughter," by Lin Yutan, at the next meeting of the Woman's club literature department, to be held Monday at the clubhouse, 2160 Bacon st., starting at 8 p.m. Mrs. B. H. Nielsen, Mrs. A. Margolis and Mrs. G. E. Paulin are the hostess committee. Guests as well as members of the club are welcome to attend, announces Mrs. R. J. Long, the department chairman.

Ocean Beach P.-T.A. To Open New Year Tuesday, October 10

Mrs. L. A. Duer, the new president of Ocean Beach P.-T.A., will preside at the first meeting of the new year to be held Tuesday, Oct. 10, at 1:30 in the elementary school auditorium. The topic will be "Better Children for Our Nation," and the speakers will be Mrs. Mary O. Noel, the school nurse, and Dr. G. G. Wetherill, the school physician. Everyone is cordially invited to attend this meeting.

Tea will be served during the social hour.

Mrs. L. A. Duer, Mrs. Louise Olson, and Mrs. Stanley Grobecker, will assist in applying bandages on the arms of the vaccinated children Friday, Oct. 13, announces Mrs. Claude Clavert, the P.-T.A. publicity chairman.

Point Loma Community church supper club will hold their monthly share-a-dish supper this (Friday) evening at the church, John C. Lamott, new president of the club, announces that an entertaining program and games will follow the supper.

Mrs. P. S. Decker of Ocean Beach was listed this week among the Ocean Beach folks who have even more than "done their bit" in the matter of donating blood to the "blood bank." Her record thus far is five pints of blood this year.

THE RED CROSS IN OCEAN BEACH

By ONA E. PITCOCK

This week I want to thank all women of Ocean Beach who have worked hard and faithfully for our boys here and abroad through this Red Cross center.

I want to thank each and every cookie baker that we have both here and in San Diego. Keep up the good work and get others if you can to bake. No project is more enjoyed.

A dear little mother of Ocean Beach, who wishes her name kept secret, sent through this center a check for $25 to the Naval Hospital ear-phone project. This check was given in living memory of her son. God bless her.

Mrs. L. Hanson and Mrs. Kate Dowd sent a dozen decorated French pastries this week and we made an attractive birthday box out of them.

We have five new bakers this week. You would all want to help if you realize the happiness they give. Why, do you know some of those sick boys would have two or more birthdays a month if the nurses did not keep tab on them!

Let's see how happy we can make our boys this Christmas.

Go to the "Blood Donor" center and go to surgical dressing centers every time you can possibly do so.

Turn in your used clothing to send overseas to those who have been made homeless.

You know all the little things you can do to make life a little brighter for others, so do your part.

Hang on to your War Bonds.

BROWNIE TROOP LEADERS STAGE PAGEANT SEPT. 28

Mrs. L. A. Duer, leader of "Brownie" troop 35, and her co-leaders, Mesdames Cecil Forshey, Elizabeth Bullock and E. F. Olson, staged a pageant for the "Brownie" leaders in First Methodist church, San Diego, Sept. 28. Women in the cast were Mesdames D. C. Muchmore, George Hart, Gordon Lilley, E. C. Berkman, Bullock, R. E. Myers, Duer, Robert Linstrom, Olson, and Carl Hogar.
